GENERAL CHARACTERISTICS

The OLIS SNACK 650 range has a design that characterises all equipment in both top and monoblock versions, with large knobs and an ergonomic dashboard shape.

The wide choice of machines and high performance make this range the ideal choice for environments that are not very spacious but still require high-performance machines.

The modularity of the range allows infinite combinations with installation on compartment bases or tables.

TECHNICAL SPECIFICATIONS

■ **ELECTRIC COOKWURSTEL** The Contact grill is equipped with an AISI 304 electric heating element unit powered by an oval section for direct cooking. GN 2/1 pan for the 800 model with humidifier function and removable fat collection for cleaning operations. Temperature controlled by energy regulator. The heating element

assembly is mounted on a tilting stand, held in working or cleaning position by a locking pin. The cooking surface is cleaned by pyrolysis effect with the help of a rake suitably shaped to the geometry of the heating elements. ■ The electric sausage cooker is equipped with a food-grade AISI 304 oval-section heating element unit for direct cooking. ■ The heating element assembly is mounted on a tilting stand, held in the working or cleaning position by a locking pin.
