

100 LITRE DIRECT ELECTRIC BOILING PAN

CODICE
CR1139439

MODELLO
DT94/10PED10

SERIE
DIAMANTE 90 TOUCH

GENERAL CHARACTERISTICS

Diamond 90 Touch - Everything under control Everything is under control, perfect results every time. Thanks to the practical display, parameter selection is quick and precise. Easy and clear temperature management, and special functions are always visible and accessible from the display. Tradition and innovation, everything on your worktop A new non-slip square and rounded knob design for a more ergonomic grip and an embossed indicator that makes it easier to select the datum to be set. And with the exclusive Encoder Functionality, simply touch the parameter you want, turn the knob to adjust the level and press it to start the set datum. With water- and dirt-proof crown. Quick and precise parameter selection. Easy and clear temperature management. Special functions always visible and accessible from the display. Stainless steel outer shells and feet. Height from the work surface adjustable from 840 to 900mm. Tops with 2 mm thickness

TECHNICAL SPECIFICATIONS

■ AISI 304 stainless steel tanks with AISI 316 bottom. ■ Water loading by means of 2 solenoid valves, with the possibility of loading cold or hot water. ■ Frontal drain by means of 2" chrome-plated brass faucet. ■ Indirect electric version: heating with 2 sets of armoured heating elements positioned inside the cavity. ■ Direct electric version: heating by means of 3 stainless steel heating elements positioned externally on the bottom of the container.

■ Possibility of setting 2 timers to control cooking. An acoustic signal warns the operator at the end of the set time. ■ Possibility of hot or

cold water loading ■ Power level control via touch screen and adjustment with ergonomic knob ■ Stainless steel tank with aisi 316 bottom ■ Possibility of hot or cold water loading ■ Everything is under control, perfect results every time. Thanks to the practical display, parameter selection is quick and precise. Easy and clear temperature management, and special functions are always visible and accessible from the display. ■ Thanks to the jet-proofing certification (IPX5) obtained through specific tests, knobs and under-knobs can be washed, without compromising functionality and safety.
