

LAVA STONE GRILL ON CABINET

CODICE
BN12100855

MODELLO
1100/90PLG

SERIE
SERIE 1100

GENERAL CHARACTERISTICS

A complete range that stands out for its exceptional versatility and the perfect combination of modules, thanks to the use of laser cutting technology.

The 1100 Series makes it possible to create different combinations and to equip the base units with a variety of solutions: central cooking blocks on bases, on bridges and even suspended; free-standing and therefore more functional pasta cookers and fryers. All in a structure that is both sturdy and design at the same time.

AISI 304 stainless steel, Scotch Brite finish, laser-cut 2 mm thick worktops

Wide choice of burners with different power ranges (3.5Kw, 5.6 Kw, 7 Kw, 10Kw)

Burners with stabilised flame, nickel-plated cast iron

Virtually unlimited possibility of power combinations (in compliance with maximum approvals)

Tested components and high efficiency of the heating elements used

Counter tops can be equipped with pass-through ovens, hot cabinets, ventilated, neutral, cantilever and bridge ovens

Also available with plinth

TECHNICAL SPECIFICATIONS

■ Aisi 304 steel burner controlled by safety valve and thermocouple. ■ Piezoelectric ignition with spill protection. ■ Grid height adjustment device on two levels. ■ Canal with drainage hole and removable grease and residue collection.

■ Cast-iron grill for meat and fish (optional). ■ Steel cooking grill in meat and fish versions. ■ Griddle can be spaced for different cooking intensities by means of levers on the sides.
